

Level 3 particular requests

At level 3, we can tailor the training to the particular needs and requests of the trainees.

For example, you might want to learn how to handle a specific junction, or ride a specific route to work, school or a friend's house. Perhaps there's a specific skill you'd like to work on (e.g. how to ride safely on steep hills). Please provide details below of any such requests and we'll do our best to cover them in the training:

Bikeability Training beyond Level 2

Thank you for booking Level 3 training. This is taught on busy roads incorporating real traffic conditions and advanced road features. It is designed for adults and mature, sensible children from year 6 upwards.

The first session will start off road to check bike and riding abilities, and then progress onto busier roads at an appropriate pace.

At this level, our training is delivered on a maximum ratio of 1:3 in a flexible number of sessions depending on the ability of the trainees. For example, a course of two or three sessions is recommended for key stage 3 children. We recommend an initial 2 hour session after which we can discuss the trainee's progress and further training needs.

Please don't be concerned if you don't achieve the outcome in the recommended time; it's primarily about learning skills not getting a piece of paper!

Our pricing structure is as follows:

- 1 trainee = £25/hour
- 2 trainees = £20/hour each
- 3 trainees = £15/hour each

We request a £5 deposit when you book. Please make cheques payable to 'Cycle Training Cornwall'.

Thank you.
